REQUEST FOR CORRECTION OF CERTIFICATE OF CORRECTION OF PATENT

Applicant hereby requests the issuance of a *Corrected* Certificate of Correction for the above-identified patent. Submitted herewith is a copy of the original request filed on May 8, 2006. Also submitted herewith is a copy of the Certificate of Correction received from the PTO, dated August 8, 2006.

Please be advised our original request states:

Col. 4, line 10, please delete “have” after “interconnection” and insert --having--.

The Certificate of Correction dated August 8, 2006 indicates [arfter] rather than --after--, as well as [interconnection”] rather than -- “interconnection”--.

The proposed correction *was originally due to error of the Applicant* (under the provisions of 37 C.F.R. § 1.323) and dose not constitute new matter, require reexamination or materially affect the scope or meaning of the patent.

Applicant paid the fee for the correction in the original Request for Correction with a check. A copy of said check is attached.

Please provide the issuance of a Corrected Certificate or Correction as noted and underlined above.

Applicant believes there should be no charge for this request for correction of Certificate of Correction. Nonetheless, commissioner is hereby authorized to charge any appropriate fees required, or credit any overpayment to Deposit Account No. 50-2638.

Respectfully submitted,

Date: October 17, 2008
